

# Cricut EasyPress 2

## What can it do?

The Cricut EasyPress 2 is for quick and easy setting of iron-on vinyl to fabric, wood, paper, and more. EasyPress 2 comes with simple controls for temperature and timing and a ceramic-coated heat plate for dry, even heat over large transfers.

Here are some examples of projects the EasyPress 2 has been used for:

- Custom t-shirts for teams and events
- Adding vinyl designs to wood decorations
- Customized aprons for gifts

## What should you know?

Here is a list of skills that you should familiarize yourself with to get the most out of Cricut EasyPress 2:

- Utilize Cricut Maker and Cricut Design Space to create and cut iron-on vinyl designs
- Understand what materials work best together

## What's next?

We, at Do Space, want to light your creative fires. That is why we have provided the hardware, the software, the lab space, the instructional classes and the human resources for you to keep stoking that creative fire. The Easy Press2 is available for use with your Cricut Maker reservation. To book the Cricut Maker for use please visit our website at [www.dospace.org](http://www.dospace.org) and click on **Technology > Tech Reservations**.

# Cricut Mug Press

## What can it do?

The Cricut Mug Press is a machine specifically designed to transfer Infusible Ink designs onto blank mugs for a permanent result that is also dishwasher and microwave safe

## What materials do I need?

- Mug blanks, straight sided in either 12oz or 15oz
  - Cricut sells mug blanks designed for this machine that are rated specifically to work well with their infusible ink products, but these are not required to be used
- Infusible Ink sheets and/or markers
- Laser copy paper for infusible ink markers
  - Laser copy paper is designed for higher temperatures and also has a special coating on it to help prevent bleeding
- Heat-resistant tape
- Butcher paper
- Alcohol wipes and a small lint roller

## What should you know?

Here is a list of skills that you should familiarize yourself with to get the most out of Cricut Mug Press:

- Utilize Cricut Maker and Cricut Design Space to create designs with Infusible Ink transfer sheets and markers
- Don't forget to mirror your design!
