

MAKE IT!

INTRODUCTION

Welcome to the month of STEM! We are going to challenge you to build a bridge that can hold a can of soup. You will also need to design a basket for the classroom zipline! Bring your thinking caps, it's getting challenging in here!

WHAT YOU'LL NEED:

- Straws
- Scissors
- Chopsticks
- Tape
- Popcycle sticks
- String
- Various other items we will have out!

Subjects:

- Physics
- Science

Standards:

- SC.2.3.1.B

www.education.ne.gov

Maker

Capacities:

- Tinker to Explore
 - Finding Opportunities
- agencybydesign.org

Key Terms

- Weight distribution
- Center of Gravity
